Kotteri!

They're in a radiant mood.
Had the rain been champagne showers,
things would have certainly been more interesting.

SCENE 68

✳ Orange Dance ✳

Oh-

CRASH

Oh!

Eeep!

Hm?

They just keep coming!

It's touching my foot!

There's something on me!

...

Eeek!

Whoa!

Oh-

PLOP

PLOP

PLOP

...Oranges?!

...

That they do... Round little things.

What are they?!

Give me just one minute.

It's a whole river of oranges.

I can't believe what I'm seeing...

They're from the stall over there.

I'm so sorry!

They match that hair of yours nicely.

All I did was help tidy...

Say, why not take those with you? Please.

It's been one of those days...

Indeed it is.

Quite the rare sight, this...

Oh, you're a great help.

Thank you!

Heh-ha!

...

courtesy of the colour of my hair.

I got a buncha oranges,

Guess what?

Pff-

Say,

Pretty much my reaction, too.

just now...

Pff-

Hee-hee-hee!

Eh-heh-heh...

Ee-hee-hee...

How embar-ras-sing...

Why on earth was I so jumpy?

Over some *oranges!* Hee-hee-hee...!

I was so flustered.

Can you believe that?

You're right. That leap of yours would've made for an excellent step sequence.

Ee-hee-hee...

I'm glad to have been your sole audience. I wouldn't want to share that performance with anybody else.

Hee-hee-hee-hee!

Heh...

Oh, stop it!

Truth be told, though... I'd like to see a bit more.

You should know by now my feet have a mind of their own.

Don't make me get mad.

Your face says that's unlikely.

How rude... You're doing that with your feet, aren't you?!

No!

Enough!

Always nice to see that smile.

Oh-hoh-hoh...

Off you go again.

Well then, I just won't let you look.

My favourite!

Really, now?

I'll have to make some marmalade as well.

Like cutting the veggies...

Lots to do, indeed.

Let's go. We've got dinner to prepare.
